MISSION STATEMENT

Excellence in Education, Strength in Character. Our core values are relationships with all stakeholders are vital, relevant academics with high expectations, empowered leaders at all levels, and providing a safe and caring school where all student needs are met.

PROJECT:

Through the promotion of services, including social media, flyers, and table set up at extra curriculars, we will reach more students and families and share how our program works.

TARGET POPULATION:

Students in grades pre-k through 12th grade (1750 students) who attend Garrett Keyser Butler Schools. We hope to increase our current utilization, continuing to grow the program, and decrease ER and urgent care visits for our students. We hope to see another 15% increase.

OUTCOMES:

Increase visits with our program through the school, decreasing absence times and over use of the ER/Urgent care setting.

HEALTH EQUITY STATEMENT:

As a school, GKB knows that we are sometimes the only access point to healthcare that our students have the opportunity to receive and by providing access to a provider for sick visits and chronic condition management we are cultivating a healthier environment with more productive learning and decreasing economic disparities for parents who have to miss work to access healthcare for their children.

BUDGET REQUEST:

\$12,500.00

BUDGET JUSTIFICATION:

\$12500.00 - Part time employee salary for 12 month period, 4 hours per day on 180 day schedule to schedule visits, assist with visit management, and provide promotion of services. To provide lease for the tyto care device and supplies for the device.

SUSTAINABILITY PLAN:

by continuing to provide a staple in health care, we hope to prove to the board and administration that the services are needed and should continue.
